

NGUYEN VAN TRUNG

PLANT MANAGER | MANUFACTURING & OPERATIONS LEADER

Manufacturing Excellence • Lean & Digital Transformation • Safety & Quality Leadership

📍 Dong Thap (Tien Giang), Vietnam 📞 +84 374 555 978 📅 July 8, 1990 ✉️ trungnguyen.08071989@gmail.com

EXECUTIVE PROFILE

Senior Plant Manager / Manufacturing Leader with over 13 years of progressive experience in multinational FMCG, food, and feed manufacturing environments. Proven track record in end-to-end plant leadership, including production, quality, maintenance, warehouse, HSE, and demand & supply planning.

Recognized multiple times for outstanding performance and leadership excellence at regional and corporate levels. Strong expertise in operational excellence, lean manufacturing, and digital transformation (SAP & MES), with demonstrated success delivering OEE >90%, productivity +30%, OTIF improvement, and major cost and quality improvements.

CORE LEADERSHIP COMPETENCIES

- End-to-End Plant & Operations Leadership
- Manufacturing Excellence & Lean / Kaizen
- Safety, Quality & Regulatory Compliance (HSE, HACCP, FSSC)
- Cost Optimization, CAPEX & Energy Efficiency
- Digital Manufacturing (SAP ERP, MES)
- Production Planning & OTIF Performance
- Greenfield & Brownfield Factory Transformation
- Cross-Functional & Regional Stakeholder Leadership
- Team Development & High-Performance Culture

PROFESSIONAL EXPERIENCE

PLANT MANAGER

BioMar Viet Uc Aqua Feed Company Limited

Jul 2024 – Dec 2025

- Full P&L and operational leadership of aquafeed manufacturing plant covering Production, Quality, Maintenance, Warehouse, HSE, and Demand & Supply Planning.
- Drive manufacturing excellence initiatives to ensure safety, quality, cost competitiveness, and delivery reliability.
- Lead cross-functional collaboration with Commercial, R&D, QA, Sourcing, Finance, HR, and Global Operations.

- Build and develop a high-performing plant leadership team aligned with BioMar's values and performance culture.

Key Achievements

- *Successfully led quality improvement project, reducing finished product fines by 50% and significantly improving customer satisfaction.*
- *Successfully launched new products to market, including new shrimp feed and fish feed, ensuring stable production, quality compliance, and on-time commercialization.*

PRODUCTION MANAGER

Olam Global Agri Vietnam

Mar 2023 – Jul 2024

- Joined the company at early stage to set up the entire production operation for a newly acquired plant.
- Led plant upgrade projects, including installation of new machinery and process improvements to meet design capacity and quality standards.
- Established SOPs, safety, and quality systems, recruited and trained production teams.

Key Achievements

- *Successfully operated 3 full-capacity production lines with OEE consistently >90%.*
- *Delivered stable, high-performance output supporting rapid business growth.*
- *Award: Olam Leadership Award 2024*

PLANT OPERATION PROCESS IMPLEMENTATION LEAD & MANUFACTURING EXCELLENCE LEAD (VIETNAM & THAILAND)

Cargill Vietnam Company Limited

Jan 2021 – Feb 2023

- Led Operations workstream for SAP ERP & MES deployment across:
 - **12 factories + 4 external warehouses in Vietnam**
 - **5 factories in Thailand**
- Coordinated cross-functional and regional stakeholders to ensure successful system adoption and operational readiness.
- Drove manufacturing excellence programs to standardize processes and performance metrics across sites.

Key Achievements

- *Successfully delivered SAP ERP & MES Operations workstream, enabling real-time production visibility and standardized reporting across multi-country operations.*
- *Awards:*
 - *Cargill Feeding Champions 2022*
 - *Cargill Excellent Contribution Award 2022*

PRODUCTION MANAGER

Cargill Vietnam Company Limited

Nov 2014 – Jan 2021

- Led end-to-end production operations with full accountability for safety, quality, cost, and delivery.
- Drove continuous improvement, Lean, and CAPEX projects to enhance efficiency and reliability.
- Developed strong production leadership teams and embedded a performance-driven culture.

Key Achievements

- *Improved productivity by 30% while maintaining factory loss <0.1%.*
- *Increased OTIF by 10% through improved planning and material coordination.*
- *Led quality improvement project, reducing finished-product fines by 50%.*
- *Led CAPEX improvement project, reducing steam consumption by 50%, delivering significant energy cost savings.*
- *Award: Cargill Best Performer of the Year 2015*

PRODUCTION ENGINEER

Heineken Vietnam Brewery Limited

Nov 2012 – Nov 2014

- Operated and supervised high-volume production lines in a world-class brewery environment.
- Built strong foundation in safety, process discipline, and operational excellence.

EDUCATION & EXECUTIVE DEVELOPMENT

- **Bachelor of Electrical Engineering** - Ho Chi Minh City University of Technology & Education
- **Chief Production Officer Program** - PACE Institute of Management

CERTIFICATIONS

- Lean Six Sigma
