Ho Chi Minh city

CAREER GOAL

Having opportunity to learn and practise expertise and skills.

Having opportunity for career promotion.

Getting a permanent job with a desirable salary commensurate with experience and competence.

Contributing my abilities to organization development.

STRENGTH

Good knowledge of regulations on registration of Drugs, Cosmetics, Dietary Supplement, Medical Device.

Good knowledge of GMP, GDP, GSP.

Good knowledge of laws on pharmacy business (Import-Export, Tender, Technology Transfer, Contract manufacturing).

Admin of groups about Publication of Cosmetics, Dietary Supplement, and Nutritional Food.

EDUCATION

English

IELTS 6.5 (2025)

TOEIC 740 (2016)

Bachelor of Pharmacy

Ho Chi Minh city University of Medicine & Pharmacy

2016 – 2019

Average grade: 2.78

Major: Pharmacy – Clinical Pharmacy

Classification: Good

Bachelor of Chemistry

Can Tho University

2011 – 2015

Average grade: 3.69

Major: Medicinal Chemistry

Classification: Excellent

Skills

Work independently

Teamwork

Good office computer skills

Critical thinking

Problem-solving

Working under pressure

Open to new tasks,
accept work challenges

Manage and supervise
juniors

Consult and persuade
customers

SELF-DEVELOPMENT

Certificate of completion of the training course “GMP” by Hanoi University of Pharmacy 2025

Certificate of completion of the training course “Medical Equipment Registration” by VIRAF 2025

Certificate of completion the course “Some notes in drug research and development & Preparing documents to for drug registration application” by VNCPA 2024

Certificate of Pharmaceutical Marketing by BMG Bussiness Training 2023

Certificate of completion of the training course on registration and management of Cosmetics organized by DAV 2022

Certificate of completion of the training course "Instructions on preparation of drug registration documents" issued by Hanoi University of Pharmacy 2021

Certificate of completion of the training course “Drug Stability” issued by Hanoi University of Pharmacy 2021

Certificate of completion of the 2-day course “Protein Refining” organized by Kyoto Institute of Technology with Can Tho University 2014
